

# TRX990 *Wireless microphone transceiver with built-in IFB for Boom*

Zaxcom is proud to introduce the TRX990 wireless microphone transceiver for Boom Pole and Sports Parabola applications. The TRX990 takes the place of a traditional wireless transmitter, a 48V phantom power supply, an IFB receiver and a walkie talkie all while providing superb audio quality and extended operating time.

## System Features Include:

- ◆ Internal IFB receiver
- ◆ Digital modulation wireless transmitter
- ◆ Superb audio quality that rivals a hard wire
- ◆ 114 dB dynamic range
- ◆ RF remote control
- ◆ 6 hour internal recording with Time Code
- ◆ Digital drop-out protection
- ◆ 2 ms transmission delay
- ◆ 7 - 10 hour running time on 4 AA batteries
- ◆ 48V Phantom Power
- ◆ Graphic LCD display
- ◆ Mono or Stereo wireless transmission
- ◆ Simultaneous mono and intercom transmission
- ◆ Optional 250mW RF output

## Digital Quality

Only Zaxcom Digital Wireless has sound quality rivaling a hard wire. This is especially important for Boom and Parabola mounted microphones. The TRX990 has a dynamic range of 114 dB and uses 100% digital modulation; there are no noise reducers, compressors or emphasis/de-emphasis.

## No Intermodulation

The Zaxcom TRX990 is intermodulation proof; up to 30 transmitters in the same frequency block can be used together at the same time.

## IFB900 RF Remote Control

With the IFB900 transmitter remote control, settings such as body pack audio gain, RF channel and high-pass filter are adjustable - even while the transmitter is in use.

## Internal Recording Capability

The TRX990's 6 hour internal recording option is perfect for when drop-outs cannot be tolerated. Audio can be recorded, played back and Time Code referenced through commands from the IFB900 transmitter.

## TRX990 Product Line Includes:

- TRX990 - Wireless Transmitter with built-in IFB receiver
- TRX991 - internal recording option
- TRX992 - 250 mW power output
- IFB900 - IFB Remote Control Transmitter

All specifications are subject to change without notice.
